REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The Examiner agrees with Applicants' arguments that the prior art of record does not disclose or fairly suggest a radial power divider/combiner, divider-combiner, or a solid state power amplifier having each of the specifically recited features of the independent claims as amended in the amendment received 8/9/05. Regarding the "X" references cited on the International Search Report and the IDS received 8/4/05, neither of the articles to Bialkowski disclose the waveguides formed "by grooves in the base" such that the "waveguides are separated by respective wedge portions...having a pointed vertex..." (see claim 2, the last paragraph thereof), and neither of the articles show the combination of the divider and combiner structures (claims 12 and 19).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Barbara Summons whose telephone number is (571) 272-1771. The examiner can normally be reached on M-Th, M-Fr.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bob Pascal can be reached on (571) 271-1769. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
